SECTION 3-CONNECTIONS

3.1 CONNECTIONS OF TERMINAL EQUIPMENT AND COMMUNICATIONS SYSTEMS (Cont'd)

3.1.1 GENERAL PROVISIONS (CONT'D)

C. Responsibility of the Company (Cont'd)

2. The Company will, at the Customer's request, provide information concerning interface parameters, including the number of ringers which may be connected to a particular Company line, needed to permit the terminal equipment to operate in a manner compatible with telecommunications services.
3. The Company may make changes in its telecommunications services, equipment, operations or procedures, where such action is not inconsistent with Part 68 of the Federal Communications Commission's Rules and Regulations. If such changes can be reasonably expected to render any terminal equipment or communications system incompatible with telecommunications services, or require modification or alteration of such terminal equipment or communications systems, or otherwise materially affect its use or performance, the Customer will be given adequate notice, in writing, to allow the Customer an opportunity to maintain uninterrupted service.
4. When connections of telecommunications services are made to communications systems at a premises where the Customer does not originate or terminate communications, the Company may require that the telecommunications service be furnished from a Company Central Office different than the Central Office designated by the Company to serve that premises, if the Company does not have adequate facilities to provide service from that Central Office. Under such circumstances, Foreign Exchange Line Mileage Charges as specified in the Mileage, Private Line and Leased Channel Tariff P.S.C. No. 3--Telephone apply between the Central Office that would normally service the Customer's premises and the Central Office from which the service is actually provided.
