To receive the benefits of this plan, customers must enroll in this plan by October 21, 2007. Customers must be classified as a residential customer by AT&T. Residential customers must have AT&T as their Primary Carrier for all of the following: Local, intraLATA Toll and Long Distance Service. Customers must concurrently enroll in the companion offer as described in NY Local Tariff P.S.C. No. 24.

This plan includes the following:

AT&T Local Exchange telephone service for one telephone line into the customer's home for their main residential telephone account.

Choice of 3 custom calling features from the following list of features: Caller ID w/Name and Number, Call Waiting, 3-Way Calling, Call Forwarding Variable, Speed dial 8, Speed Dial 30, Repeat Dialing, Call Return.

Unlimited AT&T direct dialed station local, intraLATA toll, and in-state long distance calls that are made from the customer's home, billed to the customer's main residential telephone account, and made without the use of an Operator or an automated call processing system.

A monthly recurring charge, as described in the NY Local Tariff P.S.C. No. 24, will apply to each line that the customer has chosen for this plan. If the customer's main residential telephone account has multiple lines associated with it, the monthly charge will apply to each line.
