SECTION 2-GENERAL REGULATIONS

2.18 EXPLANATION OF TERMS (Cont'd)

Service Point

The term "Service Point" when used in connection with Subscriber provided communication channels denotes the point on the Subscriber's premises where channels provided by or furnished to the Subscriber are terminated in switching equipment used, at least in part, for communications with stations or Subscriber provided terminal equipment.

Serving Central Office

The LEC central office from which local service is furnished.

Serving Terminal

Point from which line or channel is extended, by means of local wiring and facilities, to a Subscriber's premises.

Signal Grade Lines

Lines for direct current operation below 18 pulses per second furnished for use with equipment for remote metering, supervisory control and alarm signaling purposes.

Single Operation

Transmission in one direction only, or non-simultaneous transmission in opposite directions.
