SECTION 3-CONNECTIONS

3.1 CONNECTIONS OF TERMINAL EQUIPMENT AND COMMUNICATIONS SYSTEMS

3.1.1 GENERAL PROVISIONS

A. General

Terminal equipment and communications systems provided by the Customer may be connected at the Customer's premises to telecommunications services furnished by the Company where such connections are made in accordance with the provisions of this Paragraph. Telecommunications services as used herein include Message Telecommunications Service (MTS) and Wide Area Telecommunications Service (WATS).

B. Responsibility of the Customer

1. The Customer shall be responsible for the installation, operation and maintenance of any terminal equipment or communications system. No combinations of terminal equipment or communications systems shall require change in or alteration of the equipment or services of the Company, cause electrical hazards to Company personnel, damage to Company equipment, malfunction of Company billing equipment, or degradation of service to persons other than the User of the subject terminal equipment or communications system, his calling or called party. Upon notice from the Company that the terminal equipment or communications system is causing such hazard, damage, malfunction or degradation of service, the Customer shall make such changes as shall be necessary to remove or prevent such hazard, damage, malfunction or degradation of service.
