SECTION 8 - ACCUNET T45 SERVICES

8.1 GENERAL (Cont'd)

- 8.1.6 Fixed Rate IOC Plans - Three-year and five-year fixed rate plans are available as an alternative to conventional monthly rates for the Interoffice Channel component of ACCUNET T45 Service. If a fixed rate plan is selected, the recurring monthly charge (consisting of a fixed and a mileage-based component) will be the fixed rate in effect on the date that the order is confirmed by AT&T.

One, two, three, four, and five year discounted fixed rate plans are also available as alternatives to conventional monthly rates for the IOC component of ACCUNET T45 Service. Under the discounted fixed rate plan, the percentage discount off of the rates under the monthly rate plan will be fixed throughout the commitment period. If the rates under the monthly rate plan change during the commitment period, the discount will be taken off of the lower rate.

A. Discontinuance of a Fixed Rate IOC Plan - Without Liability

The Customer may discontinue an ACCUNET T45 IOC furnished under a fixed rate plan prior to the expiration of the applicable term, without liability, under the following conditions:

1. If tariff revisions increase the applicable fixed rate before the applicable term expires, without the customer's prior written consent.
2. If the fixed rate(s) are reduced before the applicable term expires, and the Customer wishes to enter a new agreement at the lower rate(s). The Customer may select a new fixed rate plan for a three year or five year period, provided the expiration date of the new term is on or after the expiration date of the unexpired term.
3. If the Customer enters into a replacement plan for either ACCUNET T45 Service or other AT&T services with an equal or greater revenue commitment, provided the expiration date of the new plan is on or after the expiration date of the unexpired plan.
