Private Line Services
Effective Date: July 21, 2010

Section 7
Leaf No. 7
Revision: 0
Superseding Revision:

SECTION 7 - ACCUNET T1.5 SERVICE

7.2 SERVICE COMPONENTS AND RATES (Cont'd)

7.2.1 Interoffice Channel (Cont'd)

- B. Calculation of Charges - To calculate the monthly charge for each Interoffice Channel, first determine the airline mileage of the channel (see Calculation of Airline Mileage, Section 4.1.2). Using the rate schedule which corresponds to the applicable rate plan, multiply the total calculated airline miles by the appropriate mileage rate. To this figure add the fixed rate shown for that airline mileage band. The sum of the mileage charge and the fixed charge is the total recurring monthly charge for the IOC.

Example 1 (Monthly Rate Plan):

The IOC airline mileage is 260 miles for a service provided under a monthly rate plan.

260 x Mileage Rate (\$15.50)	=	\$4,030.00
Add the Fixed Rate	=	<u>1,300.00</u>
Monthly Charge	=	\$5,330.00

Example 2 (Discounted Fixed Rate Plan):

The IOC airline mileage is 260 miles for a service provided under a five-year discounted fixed rate plan.

260 x Mileage Rate (\$15.50)	=	\$4,030.00
Add the Fixed Rate	=	<u>1,300.00</u>
Total Monthly Charge	=	\$5,330.00

The total non-discounted monthly charge is \$5,330.00. The Discounted Fixed Rate Plan discount of 31% is applied to the total monthly charge.

Total Monthly Charge	=	\$5,330.00
Discount of 31%	=	<u>1,652.30</u>
Monthly Charge After Discount	=	\$3,677.70
