SECTION 7 - ACCUNET T1.5 SERVICE

7.1 GENERAL (Cont'd)

7.1.3 Regulations (Cont'd)

- B. Credit Allowances for Interruptions - For purposes of determining credit allowances in accordance with the regulations in 2.6 preceding, an ACCUNET T1.5 Service is considered to be interrupted when:

- there has been a loss of continuity, or
- 300 or more seconds of transmission containing errors occur in a 15-minute period.

- C. Connection of Other Access - Access other than that furnished under Section 11 of Tariff P.S.C. No. 26 may be connected to an ACCUNET T1.5 Service. If the connection provides the capability to transmit signals with encoded analog content via the ACCUNET T1.5 Service to the telecommunications network, it must comply with the Minimum Protection Criteria specified in Section 2.7.3.

7.1.4 Minimum Payment Period - Except as noted in 7.1.7 following, the minimum payment period for all ACCUNET T1.5 Service components is one month.

The minimum payment period for components furnished under an optional fixed rate plan depends upon the conditions under which the Customer discontinues service (see 7.1.7 following).

7.1.5 Notice of Discontinuance - The notice of discontinuance for the IOC component of an ACCUNET T1.5 Service is one month. Recurring charges apply for a period of one month from the date AT&T receives the discontinuance notice or until the requested discontinuance date, whichever is later. During this period, the charges will continue to apply whether or not the Customer continues to use the service. For purposes of calculating the discontinuance charges for Customers subscribing to a fixed rate plan, the Customer's current fixed rate will apply until the expiration date of the fixed rate plan and conventional monthly rates will apply thereafter.

The notice of discontinuance for all other ACCUNET T1.5 Service components is one month.
