SECTION 9 - ACCUNET SPECTRUM OF DIGITAL SERVICES

9.2 SERVICE COMPONENTS AND RATES (Cont'd)

9.2.3 Channel Options (Cont'd)

- C. Customer Requested Echo Control - Echo control provides a Customer with the capability to minimize echo effects on ASDS networks with extensive channel mileages and voice grade access. Echo control will be furnished as required on IOCs. When a Customer requests echo control on an IOC whose parameters do not require it to be equipped with echo control, it will be provided at the following charges.

A Customer may also request that echo control not be provided on an IOC which normally would be equipped with echo control to meet its design objectives. No credit will be given for echo control not provided.
