64 kbps		N/A	N/A	N/A	N/A	N/A	N/A	N/A
(See Note)								

The applicable charge is based on the last scheduled critical date reached in the service order process. For example, for a 56 kbps order which is canceled after the DLRD but prior to the RID, a charge of \$164 for each access coordination function will apply. In addition, if a local channel has been ordered a charge equal to 18% of the installation charge for each local channel involved will also apply.

Note: The percentages indicated are applied against the installation charge for each local channel involved.
