SECTION 1 - GENERAL REGULATIONS

2.5 PAYMENTS AND CHARGES (Cont'd)

2.5.7 Types of Charges - There are two types of charges, recurring and nonrecurring. These charges are as follows:

- A. Recurring Charges - The recurring charges for a local channel service are listed in the applicable local channel service section as:
 - 1. Monthly Charge - A monthly charge applies each month or fraction thereof that a local channel service is furnished. Monthly charges start on the day after the local channel service is installed, but not before the due date of the order unless the Customer agrees to an earlier installation. Charges accrue through and include the day that the local channel service is discontinued. Monthly charges will be billed in advance. When the billing date and the date that the local channel service is started, changed, or discontinued do not coincide, the charges will be adjusted to reflect the fractional part of the month involved (see Fractional Charges and Credits, Section 2.5.10). For billing purposes, each month is considered to have 30 days.
- B. Nonrecurring Charges - A nonrecurring charge applies for an activity, such as an installation, a move or a change, ordered by the Customer. A nonrecurring charge applies for each activity performed. The charge may differ according to the work activity involved. Other charges, such as Termination Charges, are also classified as nonrecurring charges. In addition, other charges for specific functions (e.g., Maintenance of Service) as stated in this tariff are applied on a nonrecurring basis. Following is a description of the generic nonrecurring charges. Other nonrecurring charges are described in 2.5.8, 2.5.9 and in Section 13, following.
 - 1. Installation Charge - An installation charge applies when a channel service is furnished. Installation Charges are listed in the appropriate sections of this tariff (see also Move Charges, following; Other Changes to an Order, Section 2.5.8.D and Change in Service Arrangement, Section 2.5.9).
 - 2. Move Charge - A move charge applies when the physical location of a local channel service is changed at the Customer's request.
A move normally involves an interruption of the local channel service for the period required to complete the move. No credit allowance will be granted for that period.
