SECTION 1 - GENERAL REGULATIONS

2.5 PAYMENTS AND CHARGES (Cont'd)

2.5.8 Change of a Due Date, Cancellation, or Other Changes to an Order -(Cont'd)

B. Cancellation of an Order (Cont'd)

If an order for an ACF is canceled by the Customer prior to the SID or if an order for any other local channel service is canceled by the Customer prior to the DLRD, no charge applies. For cancellations by the Customer on or after those dates, a cancellation charge will apply. The amount of the cancellation charge will vary according to the category of service ordered and the date reached in the critical date schedule.

Cancellation charges applicable to the components of each category of local channel service are listed in the service-specific sections of this tariff, except for Telegraph Local Channel Services, which are grandfathered.

If the Customer or AT&T changes the due date of an order, in accordance with 2.5.8.A preceding, the critical date schedule for the order will be revised for those critical dates not yet passed. Subsequent cancellation of the order by the Customer will cause a cancellation charge based on the revised schedule to be incurred.

C. Cancellation Involving Special Construction - If a Customer cancels an order which involves special construction, the applicable charges for the special construction are those set forth in Tariff P.S.C. No. 23. Those charges are in addition to any charges which are applicable under this tariff for the cancellation of an order.
