SECTION 5 - CONSUMER SERVICE DESCRIPTIONS

5.10 LOCAL CALLING PLANS (Cont'd)

5.10.4 AT&T One Rate® State Plan (Cont'd)

A monthly recurring charge will apply to each line that the customer has chosen for this plan. If a customer has multiple lines associated with the customer's main billed account, a per minute rate will apply to direct dialed intraLATA toll and in-state long distance calls on the lines that are not subscribed to this plan.

AT&T One Rate State Plan provides unlimited minutes of in-state direct dialed calling for residential voice service only. If it is determined that any intraLATA toll, and in-state long distance usage is not consistent with residential voice applications, such as for Internet access services, commercial facsimile or auto-dialing, resale, telemarketing or other non-residential uses, AT&T may immediately suspend, restrict or cancel the Customer's service without prior notice.

There will be no individual call detail on your AT&T billing statement that is associated with the direct dialed station local and in-state long distance calls that are included in this plan. For these calls, this means there will be no indication of originating or terminating points called, time-of-day called, nor a list of the number of minutes called.

This offer is an add-on to the interstate plan located in AT&T interstate service guide. This offer is available where billing and facility capabilities exist.
