P.S.C. No. 25 -- Telephone
Private Line Services
Effective Date: July 21, 2010

Section 2
Leaf No. 36
Revision: 0
Superseding Revision:

SECTION 2 - GENERAL REGULATIONS

2.9 DEFINITIONS (Cont'd)

Customer - the person or legal entity that orders a private line service (either directly or through an agent).

Customer's Premises - the premises of a Customer or User. It also includes Customer-designated non-AT&T premises.

Direct Electrical Connection - a physical connection (i.e., not through a switch) of the electrical conductors in a communications path.

DS1 Channel - an ACCUNET T1.5 Service, Terrestrial T1.5 Local Channel or other access that meets the signal and format constraints described in Technical Publications - PUB 62411.

Due Date - the date that has been established for completion of the installation, change or disconnect of a private line service component.

Foreign Exchange Service - a service that enables a Customer to obtain dial tone and related features in a LEC central office outside the LATA of the LEC central office which normally services the Customer's location.

Function Connection - a function connection provides the physical connection at an AT&T central office of an office function to an IOC, or another office function.

Grandfathered - a service no longer offered to new customers. Existing customers of the service may keep it.

Interoffice Channel - a private line service component which connects an AT&T central office to another AT&T central office.

Interface - the electrical and physical means by which a connection is made at an AT&T central office.
