Private Line Services  
Effective Date: July 21, 2010

Section 2  
Leaf No. 7  
Revision: 0  
Superseding Revision:

---

## SECTION 2 - GENERAL REGULATIONS

### 2.4 RESPONSIBILITIES OF THE CUSTOMER

2.4.1 General - The Customer's general responsibilities are described in this section. When a local channel or other access is connected to a private line service, the Customer assumes additional responsibilities that are described in the Connections section of this tariff (see Connections, Section 2.7).

A. Placement of Orders, Payment of Bills and Compliance with Regulations - The Customer is responsible for placing orders, complying with tariff regulations and assuring that its Users comply with tariff regulations. The Customer is also responsible for the payment of bills for a private line service. The Customer may appoint an agent to act on its behalf, as specified in B. following.

1. Information the Customer Must Provide - When a Customer places an order for a private line service, the following information must be provided by the Customer so that AT&T can design, install, maintain and bill the private line service ordered:

- The category of private line service, interface and signaling (if required),
- The AT&T central offices involved, when access is provided by the Customer,
- The Customer's billing name and address, and
- The design information contained in the design layout record for other access when an order is placed to connect other access without the Access Coordination Function.

B. Agency Agreement - AT&T will accept orders from an agent appointed by the Customer. An agency appointment must be sent to AT&T in writing. If directed by the Customer, the bill for the private line service will be sent to the agent and issued in the name of the Customer, in care of the agent.

The Customer retains responsibility for compliance with tariff regulations and any act or omission of the agent, regardless of any limitations the Customer may place on the agent's authority.
