SECTION 2 - GENERAL REGULATIONS

2.4 RESPONSIBILITIES OF THE CUSTOMER (Cont'd)

2.4.1 General (Cont'd)

C. Availability for Maintenance, Testing or Modifications - The Customer must make a private line service available for maintenance, testing, or implementation of changes it has ordered, at any reasonable, mutually agreeable time. Occasionally an impairment may only be evident at certain times (e.g., a certain hour of the day). In such cases, the private line service must be made available for testing during the same time periods if the trouble condition is to be corrected.

D. Damage to a Private Line Service - The Customer must pay AT&T for replacement or repair of a private line service when damage results from:

- The negligence or willful act of the Customer or others authorized by the Customer,
- Improper use of the private line service, or
- Any use of equipment or systems provided by the Customer or others authorized by the Customer.

After receipt of payment for the damages, AT&T will cooperate with the Customer in its claim against any third party causing the damage.

E. Ancillary Charges - The Customer is responsible for the payment of any ancillary labor charges incurred, on its behalf, under tariffs of the local exchange companies, when the access coordination function is furnished.
