SECTION 5 - CONSUMER SERVICE DESCRIPTIONS

5.10 LOCAL CALLING PLANS (Cont'd)

5.10.2 AT&T One Rate USA Plan

AT&T will offer the following plan to eligible residential Customers who subscribe to AT&T as their primary interexchange carrier, primary intraLATA carrier and primary local exchange and obtain their local, intrastate and interstate service from AT&T and continuously maintain their wireline Main Billed Account with AT&T.

The AT&T One Rate USA Plan provides residential customers a combination of services that include a local access line; unlimited direct dial station local, intralata toll, in-state long distance and state to state calling; and a choice of custom calling features, as specified below, for a monthly rate.

Caller ID	Caller ID with Name
Call Waiting	Custom Ring 1
Call Waiting ID	Custom Ring 2
Call Forwarding Variable	Speed Call 8
Three Way Calling	Speed Call 30
Call Return	Call Screening
	Repeat Dialing

The monthly rate for this service includes one local access line, a choice of 4 custom calling features, unlimited direct dialed station local, intralata toll, instate long distance and state to state calling for one access line.

If the customer's AT&T Main Residential Billed Account has multiple lines associated with it, a Monthly Recurring Charge will apply to each line that the customer has chosen for this plan.

There will be no individual call detail on the Customer's billing that is associated with the direct dial station state to state and instate long distance calls that are included in this plan.
For these calls, there will be no indication of originating or terminating points called, time of day called, or a list of the number of the minutes called.
