## SECTION 5 - CONSUMER SERVICE DESCRIPTIONS

### 5.1 DESCRIPTION

#### 5.1.1 General

Rates for the following service descriptions are specified in the attachment following this section of the tariff.

AT&T maintains the right to leave customers on their current calling area structure as provided to them at the initial time of sign-up in the event that the calling area structure is subsequently modified by the incumbent Local Exchange Company.

#### 5.1.2 Non-Recurring Service Charges

These charges are nonrecurring and apply to various Customer requests for connecting, moving or changing service. They are in addition to any other scheduled rates and charges that would normally apply under this tariff.

The charges for the connection, move or change of service contemplate work being performed at a time when overtime wages do not apply.

All changes in location of Customers' service from one premises to another, except as otherwise provided in this Section are treated as new service connections with Service Charges applying.

Service Charges are in addition to other rates and charges normally applying under this Tariff. They apply in addition to construction charges made because of unusual costs in establishing service and are not in lieu of mileage charges.
