SECTION 5 - CONSUMER SERVICE DESCRIPTIONS

5.3 CUSTOM FEATURES (Cont'd)

5.3.1 General (Cont'd)

N. Caller ID Blocking Per Line

This feature allows the calling party to permanently prevent the transmission of the calling party's Directory Name and/or Number to the called party who may have Caller ID or Caller ID with Name, Caller ID with Call Waiting, Caller ID with Name/Call Waiting, Call Controller, Call Controller with Name. The Customer can choose to disable this feature by dialing a predetermined code before dialing the called number. This feature is available on a recurring charge basis.

O. Caller ID Blocking - Anonymous Call Rejection

This feature allows the Customer to automatically reject incoming calls originated from a telephone number that has Caller ID Blocking. When this feature is activated on the Customer's line and an incoming call marked "Non-Listed" is received, the Customer's telephone will not ring. This feature can be removed from the line without charge. Customers must activate this feature themselves to initiate this feature. This feature is available on a recurring charge basis.

P. Caller ID with Name

Allows the Customer to receive the name and telephone number of the calling party, including names and telephone numbers associated with Non-Listed and Non-Published service prior to answering the call. When the Customer orders this feature, the directory name and number associated with the calling number, the time of the call and the date are sent to and displayed on Customer Provided Premise Equipment (CPE) attached to the Customers telephone line. A Customer who subscribes to this feature may also receive the Anonymous Call Rejection feature. This feature is available on a recurring charge basis
