

AT&T Communications of New York, Inc.
P.S.C. No. 26 -- Telephone
Private Line Local Channel Services
Effective Date: July 21, 2010

Section 10
Leaf No. 1
Revision: 0
Superseding Revision:

SECTION 10 - VOICE GRADE LOCAL CHANNEL SERVICES

- 10.1 GENERAL - A Voice Grade Local Channel Service provides for the transmission of analog signals within a frequency bandwidth of approximately 300 to 3000 Hz.

Note: When existing service provided under federal, interstate tariffs is ordered to be provided under this Section 10, the service shall be considered new service. All appropriate charges related to connection of service under this tariff shall apply.

- 10.1.1 Description - A Voice Grade Local Channel Service is suitable for transmission in one direction only or transmission in two directions, of voice, data or any other application (including ACCUNET Spectrum of Digital Services) required by the Customer which utilizes analog signals within the specified transmission parameters of the local channel. A Voice Grade Local Channel Service may be provided on two-wire or four-wire facilities depending on the application required by the Customer. The application required by the Customer is accommodated via a technical specifications package. The transmission standards for the various technical specifications packages and for Voice Grade Local Channel Service in general are contained in Technical Publications-PUB 41004, Table 4, PUB 62501 and PUB 62501, Addendum (see Technical Publication Information, Preface).

A Voice Grade Local Channel Service is provided (1) between one or more Customer premises and an AT&T central office, or (2) solely as an access coordination function(s).

At the Customer's request, AT&T will provide service to multiple Customer premises within a LATA through the use of a bridge(s) located at a Local Exchange Company central office(s). However, if AT&T determines that it is unable to meet service design and technical performance criteria in the configuration requested, the Customer will be advised and given the opportunity to cancel or change the order. In such cases, no charge will apply for the cancellation or change in the Customer's order.
