## SECTION 8 - ACCUNET GENERIC DIGITAL ACCESS SERVICES

### 8.4 SELECT SAVING PLAN

Select Savings plans with terms from one to five years are available as an alternative to conventional monthly rates for local channel services and Channel options of Type 1 Digital Data Local Channel Service, Voice Grade Local Channel Service and ACCUNET Generic Digital Access Services connected to ACCUNET Spectrum of Digital Services (ASDS). In exchange for a term commitment on each individual service, the Customer is given monthly rates that are discounted for the duration of the term. Rates may change from time to time however, the discount levels applied will not change during the term of the plan. If a Customer requests additions/changes to any service currently included under a Select Savings Plan, the monthly discounts that were in effect on the date the Customer originally committed to a plan will be applied to the new rates.

Non-recurring charges will not be discounted. When a Customer requests service, the non-recurring charges will be applied based on the rates in effect on the date that the service order is completed by AT&T.

#### 8.4.1 Select Saving Plan Structure

A select saving plan will include all of the ACCUNET Generic Digital Data Access Services, Type 1 Digital Data Local Channel Services and Voice Grade Local Channel Services or service components with the exception of Voice Grade Signaling Channel Option and Type 1 Digital Data Transfer Arrangements.

The plan will be available in one month increments from twelve months (one year) through sixty months (five years). The discount is fixed for the life of a plan. Monthly rates for all months will be discounted based on the term commitment as follows:

<u>Term Commitment</u>	<u>Discount</u>
12 - 23 Months	6%
24 - 35 Months	8%
36 - 60 Months	10%
