SECTION 12 - AT&T REGIONAL FRAME RELAY SERVICE

12.1 DESCRIPTION (Cont'd)

12.1.1 Regulations

- A. Responsibilities of the Customer - The Customer must provide the following additional information to the Company when ordering FRS:
- The number and location of the Ports ordered,
 - The initial set of software functions for each Port per Technical Publication No. TR 50052,
 - The transmission speed of each Port,
 - The CIR of each PVC,
 - The Port origination and destination of each PVC CIR, and
 - Requirements for Local and Global addressing for PVC Data Link Connection Identifiers (DLCI) per Technical Publication No. TR 50052, for transmission through FRS.
- B. Notice of Discontinuance - The Notice of Discontinuance for RFRS components in service is 15 days. Recurring charges apply for a period of 15 days from the date the Company receives the Notice of Discontinuance or until the requested discontinuance date, whichever is later. The charges will continue to apply whether or not the Customer continues to use the RFRS components. Orders involving the discontinuance of RFRS components may be delayed or withdrawn, without charge, at any time prior to the discontinuance date. A Notice of Discontinuance cannot be withdrawn or delayed on the Due Date for discontinuance.
- C. Cancellation, Delay or Change of an Order - The regulations set forth in this section apply for the cancellation, delay or change of an order for RFRS components. These regulations are in lieu of those specified in Section 2.5.8 in this tariff. When an order is placed for installation of a Regional Access Port or Regional PVC, or for a change to a Regional Access Port's speed or to a Regional PVC CIR, a Due Date for that order will be established by the Company. Such Due Date will be confirmed with the Customer. In the event that such Due Date is delayed, the provisions specified in Section E. or F. following will apply.
