## SECTION 12 - AT&T REGIONAL FRAME RELAY SERVICE

### 12.2 PROVISION OF ACCESS LINES

Regional Access Ports are available for connection to Regional PVCs within the same LATA. Regional Access Ports include a digital access line from the Customer Premises to an AT&T Central Office providing RFRS within that LATA. Equivalent digital access lines provided by the Customer, in lieu of the access lines provided by AT&T, may be connected to Regional Access Ports, however all nonrecurring and monthly charges for Regional Access Ports as specified in Section 12.5, following will apply.

Digital access lines connected to a Regional Access Port cannot connect to a Domestic Port or Global Port, provided under the AT&T Business Service Guide.

### 12.3 CREDIT ALLOWANCES FOR INTERRUPTIONS –

- A. Regional PVC Charges - If a Regional PVC is interrupted for 30 minutes or more, a Credit Allowance based on the Regional PVC Monthly Charge will be made for the interrupted Regional PVC as set forth in Section 2.6, preceding. The following provisions are in lieu of those specified in Sections 2.6.1 through 2.6.4, preceding. Regional PVCs are eligible for a credit allowance for interruptions only if the Regional PVCs which were interrupted are not entitled to any other credit for interruptions in lieu of, or in addition, to credit allowances *as specified herein*.

- B. Calculation of Credit Allowance is as follows:

Calculate the Regional PVC Daily Charge by dividing the Regional PVC Monthly Charge (less any applicable discount) by 30 days.

Determine the Interruption Period to be Credited based upon the actual length of interruption using the Calculation Table in Section 2.6.5, preceding.

Multiply the Regional PVC Daily Charge by the Interruption Period to be Credited to determine the Credit Allowance.

### 12.4 AVAILABILITY - Regional FRS is available at AT&T Central Offices in LATA 132 which provide ACCUNET T1.5 Service or ASDS as listed in the AT&T Business Service Guide.
