Leaf No. 4
Revision: 0
Superseding Revision:

SECTION 12 - AT&T REGIONAL FRAME RELAY SERVICE

12.1 DESCRIPTION (Cont'd)

12.1.1 Regulations (Cont'd)

- F. Delay of Due Date by the Customer - A Customer may delay an order for the installation or change of RFRS components at any time prior to the Due Date. However,

1. If a Customer delays an order within the three (3) calendar days immediately prior to the Due Date, a Due Date Change Charge will apply as follows, regardless of the length of delay.

Due Date Change Charge

	<u>Minimum*</u>	<u>Maximum</u>
- per delayed Regional Access Port		\$500.00
- per delayed Regional PVC		\$ 40.00

* See 2.5.2 of this tariff.

2. If a Customer delays a Due Date by more than twenty (20) cumulative calendar days from the initial Due date, the Customer may either: (a) accept billing for the service ordered commencing on the first day after the 20th cumulative calendar day, or (b) cancel the order and pay the applicable cancellation charge as set forth in Section 12.1.1.D, preceding.
 3. If a Customer is not ready on the Due Date and has not requested a delay prior to the Due Date, the service ordered will commence on the Due Date.
- G. Change of an Order - When a Customer changes the speed of a Regional Access Port or Regional PVC before the Due Date, such a change is considered to be a design change, not a cancellation of an order. No design change charges apply for RFRS. However, if the Customer requests a Regional Access Port speed change from 56 kbps to a higher Regional Access Port speed, less than twenty (20) calendar days prior to the Due Date, a new Due Date will be established by the Company. Such new Due Date will be confirmed with the Customer.
