## SECTION 7 - AT&T LOCAL EXCHANGE SERVICES - DESCRIPTIONS

### 7.2 FEATURES (Cont'd)

#### 7.2.1 General (Cont'd)

##### U. Remote Call Forwarding (Cont'd)

5. Remote Call Forwarding is not represented as suitable for satisfactory transmission of data.
6. Remote Call Forwarding is provided on the condition that the customer subscribe to sufficient RCF features and facilities to adequately handle calls to the RCF customer without interfering with or impairing any services offered by the Company. If in the opinion of the Company, additional Remote Call Forwarding features at the call forwarding location or facilities at the terminating station line are needed, the customer will, where appropriate, be required to subscribe to such additional RCF features and facilities. In the event the customer refuses to subscribe to such additional RCF features and facilities, said customer's RCF service shall be subject to termination.
7. When the Call Forwarding number is to be located in a multi-office exchange, the Company will determine the serving central office.
8. Remote Call Forwarding will be limited to five access paths from the RCF Customer's primary business telephone number.
9. Calls can only be forwarded to the Customer's primary business telephone location.

The minimum contract period for this service is one month. The charges are for the Remote Call Forwarding feature and additional access facilities only and are in addition to applicable charges for service and equipment with which it is used. Remote Call Forwarding is only available with AT&T All In One Service, ACC Business and AT&T Business Network Service.
