This optional calling plan offers Customers a separate rate schedule for their intrastate calls. AT&T PRO WATS/Plan Q Service includes a Combined Outward and Inward Calling Discount Option. In addition, the Customer will also receive a discount on the total direct dial interstate or direct dial intrastate charges, plus Customer dialed interstate and intrastate AT&T CIID/891 Card charges, including service charges, for calls to the single area code, or area codes, with the highest charges. The Customer can select, in AT&T Business Service Guide, the Basic Plan, which includes a discount for eligible calls to the one area with the highest charges or the option which includes a discount on eligible calls to the two area codes with the highest charge.
