## SECTION 36 - AT&T STATE CALLING SERVICE

### 36.2 REGULATIONS

#### 36.2.1 Provision of AT&T State Calling Service

AT&T State Calling Service is offered under this tariff subject to the availability of suitable service components furnished by this Company or obtained from others.

##### A. Engineering

AT&T State Calling Service will be engineered to meet its transmission parameters.

##### B. Mileage Measurements

The mileage for AT&T State Calling Service calls is the distance in airline miles measured between: the V&H coordinates for the rate centers associated with the originating and terminating stations (Schedule A, B and C).

For APN numbers, mileage will be calculated from the AT&T Central Office. Originating APN calls are measured from the V&H coordinates of the originating AT&T Central Office and terminating APN's are measured from the V&H coordinates of the terminating AT&T Central Office.

##### C. Installation

Installation of AT&T State Calling Service will usually be made during normal working hours.

##### D. Maintenance

The Company will maintain and repair the service which it provides.
