Custom Network Services
Effective Date: July 21, 2010

Section 7
Leaf No. 2
Revision: 0
Superseding Revision:

SECTION 7 - AT&T VIRTUAL TELECOMMUNICATIONS NETWORK SERVICE

7.4 MEASURED CHARGES

7.4.1 General

Measured Charges are the usage-sensitive elements of VTNS and apply to all intrastate Virtual Telecommunications Network Service calls. Measured Charges are billed in arrears.

Mileage measurement is the distance in airline miles between locations. The following mileage measurements apply:

1. For calls between Port locations, for calls from Non-Port locations to Port Locations, for calls from Port locations to Non-Port locations and for calls between Non-Port locations, the mileage is the distance between the V&H coordinates associated with the originating and terminating rate centers.
2. For APN numbers, mileage will be calculated from the AT&T Central Office. Originating APN calls are measured from the V&H coordinates of the originating AT&T Central Office and terminating APN's are measured from the V&H coordinates of the terminating AT&T Central Office.

7.4.2 Calculation of Airline Mileage

The V&H coordinates for the AT&T central office in New York State are specified in AT&T Tariff F.C.C. No. 10.
