SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)**3.5 Optional Residential Services, (Cont'd.)****3.5.7 Plan J Service, (Cont'd.)****C. Rates and Charges****1. Application of Charges**

A Monthly Recurring Charge (MRC) is billed each month in advance and applies to each line presubscribed to the Company's Plan J. A fixed allotment of interLATA interexchange calling minutes is included in the MRC as specified below (excluding minutes used for Operator Assisted calls, Directory Assistance calls, and any International calling). Interstate service is provided in accordance with the corresponding interstate rate schedules. The MRC applies in full each month for each line regardless of whether or not the full allotment of minutes is used, except in the case of first and last month partial billing cycles where the MRC will be prorated based on the actual number of days the Customer had the service during the billing cycle. When service is used for both interstate and intrastate calling, the MRC specified below applies only once. Additional Peak/Daytime minutes beyond the 300 allotted minutes are available and billed on a per minute basis as set forth below.

(D)

If the Customer uses the Plan for non residential purposes, including but not limited to commercial facsimile, resale, three way calling, telemarketing, permanent internet connections, and autodialing, the Company may immediately suspend, restrict or cancel the Customer's service without advance notice. The Company may also adjust the charges to LDMTS rates, described in Section 3.4, as a result of non residential use.
