### **3.5    Service Offerings**

#### **3.5.1            1+ Dialing**

The Customer dials "1+" followed by "ten digits" or dials "101XXXX" followed by "1 + ten digits". This service permits Customer to originate calls via switched or dedicated access lines, and to terminate intrastate calls.

#### **3.5.2            Travel Cards**

The Customer utilizes an 11 digit "toll-free" access number established by the Company to access a terminal. Upon receiving a voice prompt, the Customer uses a push button dialing to enter an identification code assigned by the Company, and the ten digit numbers of the called party.

#### **3.5.3            Toll-Free Service**

This service is inbound calling only where an 800, 888 or other toll-free prefix number rings into a Customer's premise routed to a specific telephone number or terminated over a dedicated facility.
