Superseding:

Resp. Org - Responsible Organization or entity identified by a Toll-Free Service Customer that manages and administers records in the toll free number database and management system.

Switched Access - The Customer gains entry to the Company's services by a transmission line that is switched through the local exchange carrier to reach the Company's point of presence.

Telecom Unit - A measurement of telecommunication service equivalent to one minute of usage between any two points within the State of Connecticut.

Telecommunications - The transmission of voice communications or, subject to the transmission capabilities of the services, the transmission of data, facsimile, signaling, metering, or other similar communications.

Underlying Carrier - The telecommunications carrier whose network facilities provide the technical capability and capacity necessary for the transmission and reception of the Customer telecommunications traffic.
