

PSC NY No. 12--COMMUNICATIONS

Verizon New York Inc.

Section 5
Original Page 5

Local and Joint Toll Tariff

5. Wide Area Telephone Services
5.1 Wide Area Telephone Service (WATS)

5.1.6 Accumulated Time and Fractional Periods	
A.	Outward WATS or DTFS furnished by the Telephone Company permits calling between intraLATA points in NY State and a WATS access line at rates based on the accumulated time per month. Accumulated time is based on a minimum average of one minute per call. Time is charged in full hours with any remaining fraction over 1/2 hour treated as a full hour.
B.	If the period of service exceeds one month, the charge for each day in a fractional part of a month is 1/30th of the monthly rate for the access line plus the charges for the hours used or fraction thereof.

5.1.7 Application of Rates and Charges	
A.	An installation charge applies to each access line, except that no installation charge applies where the service is connected subject to the tariff provisions for continuity of service.
B.	InterLATA Dial Type Telephone Communications From an Outward WATS Access Line — If the subscriber to interLATA WATS does not subscribe to intraLATA WATS, calls made within the same LATA over the outward WATS access line will be billed at charges for local and toll calls specified in the Telephone Company's tariffs.
C.	The WATS access line for use by ICs is billed by the Telephone Company to the IC at the monthly rates and connection charges set forth in this tariff. For Service Arrangements A, B and C, intraLATA usage which originates (outward service) or terminates (inward service) in this access line is billed by the Telephone Company to the end user at the rates set forth in this tariff or at charges for local and toll calls specified in the Telephone Company's tariffs.
1.	For Service Arrangement D, all usage charges are billed by the IC which provides the service, at the IC's WATS-like rates.
D.	Calls incorrectly placed to the wrong number would be billed at the appropriate WATS rates for that group.
E.	Charges for calls for directory assistance placed over outward WATS access lines are set forth in PSC NY No. 900.
F.	The surcharge for state excise tax on telecommunication services and gross earnings tax (gross revenue tax) as specified in PSC NY No. 900 apply to all access line monthly rates and to the outward WATS and DTFS hourly rates.

Issued: November 29, 2000

Effective: December 30, 2000
