

Mosaic NetworX LLC
Effective: May 18, 2011

New York PSC No. 2
Original Leaf No. 13
Revision 0
Superseding Revision:

SECTION 1 - DEFINITIONS AND ABBREVIATIONS, (CONT'D.)

Terminal Equipment - Facilities located at the Customer-designated premises.

Terminating Direction - The use of Switched Access Service for the completion of calls from a Customer's Point of Presence to a Company End User.

Timely Payment - A payment on a Customer's account made on or before the due date.

Traffic - Another term for Calls. These terms expressly include communications that are delivered to, or received from, persons or entities that include, but are not limited to: conference call providers, chat line providers, calling card providers, call centers, help desk providers, and residential and/or business end users.

Trunk - A communications path connecting two switching systems in a network, used in the establishment of an end-to-end connection.

Trunk Group - A set of trunks, which are traffic engineered as a unit for the establishment of connections between switching systems in which all of the communications paths are interchangeable.
