SECTION 3 - GENERAL DESCRIPTION OF SERVICE**3.2 Timing of Calls**

Billing for calls placed over the Company's network is based in part on the duration of the call as follows, unless otherwise specified in this tariff:

- 3.2.1 Timing of each call begins when the called station is answered (i.e. when two way communications are established.) Answer detection is based on standard industry answer detection methods, including hardware and software answer detection. For Collect Calls, charges apply only if the called party accepts the responsibility for payment. For Person to Person Calls, charges apply only if the calling party is connected with the designated called party or an agreed upon substitute.
- 3.2.2 Chargeable time for calls ends when one of the parties disconnects from the call.
- 3.2.3 Unless otherwise specified in this tariff, the Initial Period for billing purposes is one (1) minute.
- 3.2.4 Unless otherwise specified in this tariff, Additional Period billing for usage after the Initial Period is in full one (1) minute increments.
- 3.2.5 The Company will not knowingly bill for unanswered calls. When a Customer indicates that he/she was billed for an incomplete call, the Company will reasonably issue credit for the call.
- 3.2.6 Time of day designations are used in this tariff to indicate rate period boundaries. Rate periods begin at the first time of day designation and continue up to but not including the second time of day designation.
- 3.2.7 Calls will be billed at the rate in effect during the call, with two rates applied if the call spans over more than one billing rate period.
