SECTION 6 – COMPLEX VOICE SERVICES***6.4 Service Descriptions, (Cont'd.)****6.4.5 BellSouth® Long Distance Calling Card**

Long Distance Calling Card is a travel service that allows complex voice Customers to place calls from within the United States to terminating points within the United States and any country providing International Direct Distance Dialing (IDDD). Country-to-Country calling is also available where permitted by the originating and terminating country telephone companies.

The BellSouth® Long Distance Calling Card is a cost-effective, convenient calling card designed especially for complex voice travelers. To use the Long Distance Calling Card, the Customer dials a Company provided toll-free access number and enters a user-specific authorization code. Callers can use special speed-dialing features if desired and follow voice prompts if needed. Customers who subscribe to the Company's BellSouth® Long Distance Voice VPN service can use the Long Distance Calling Card in conjunction with that service.

BellSouth® Long Distance Calling Card service is available to complex voice Customers who presubscribe to BellSouth® Dial Direct and/or BellSouth® Long Distance Voice VPN service.

* These services have been grandfathered effective April 27, 2007. No new customers will be provisioned under this service after this date.
