SECTION 6 - RESIDENTIAL NETWORK SWITCHED SERVICE

6.1 General

- 6.1.1 Residential Network Switched Service provides a Residential Customer with a connection to the Company's switching network which enables the customer to:
- (A) place and receive calls from other stations on the public switched telephone network;
 - (B) access the Company's local calling service;
 - (C) access the Company's operators and business office for service related assistance; access toll-free telecommunications services such as 800 NPA; and access 911 service for emergency calling; and
 - (D) access to Residential Switched Network Service and other interexchange service. A customer may originate calls to Residential Switched Network Service and other interexchange service on a direct dialed basis or, or may access another provider on an ad hoc basis by dialing the provider's Carrier Identification Code (10XXX).

Charges for Residential Switched Network Service include a nonrecurring service connection charge and a monthly recurring charge for each line. Monthly recurring charges apply to optional voice mail and service features. Message charges apply, in addition to other rate elements described above.
