## SECTION 2 - RULES AND REGULATIONS

### 2.13 Refusal Or Discontinuance By Company, (Cont'd.)

#### 2.13.1 (cont'd.)

- (G) In the event of Customer use of equipment in such a manner as to adversely affect the Company's service to others. Such discontinuance of service may be made without notice if a dangerous condition relating to Company service exists which could subject any person to imminent harm or result in substantial damage to the property of the Company or others. In such case, the Company shall notify the Customer immediately in writing and, if possible, orally of the reasons for the termination or refusal.
- (H) In the event of unauthorized or fraudulent use of service. The Company may terminate service without notice to the Customer if it has evidence that such Customer has obtained unauthorized service by illegal use or theft. The Company shall within twenty four (24) hours after such termination send written notification to the Customer of the reasons for such termination. Whenever service is discontinued for fraudulent use of service, the Company may, before restoring service, require the Customer to make, at his own expense, all changes in facilities or equipment necessary to eliminate illegal use and to pay an amount reasonably estimated as the loss in revenues resulting from such fraudulent use.
- (I) For failure of the Customer to make proper application for service. A Customer who has complied with Commission regulations shall not be denied service for failure to comply with the Company's rules which have not been made effective in the manner prescribed by the Commission.
- (J) For Customer's breach of the contract for service between the Company and the Customer.
- (K) When necessary for the Company to comply with any order or request of any governmental authority having jurisdiction.
