**SECTION 7 - PRIVATE LINE SERVICE\*****7.3 Terms and Conditions of Service**

Private Line service is available under the Integrated Service Package Offerings in Section 9 of this tariff. Terms and conditions of the provision of Private Line service as part of an Integrated Service Package, including, without limitation, discounts, usage minimums, and term commitments are set forth in this tariff.

The Rates and Charges described in this section of the tariff are based on the commitment of the Customer to utilize the service for a specified minimum period of time. Therefore, notwithstanding anything in this tariff to the contrary, the Customer will be billed by and required to pay to the Company all rates, fees and charges which accrue for each Private Line circuit and for all associated Dedicated Access facilities during the entire Circuit Minimum Service Term (as defined below) applicable to each such Private Line Circuit.

The Circuit Minimum Service Term shall be a minimum in-service period beginning on the day the Company notifies the Customer that the facility or circuit is available for use and the Customer accepts delivery of such facility or circuit. A facility or circuit is considered accepted by the Customer if (i) the Customer fails to give written notice that the facility or circuit is in material non-compliance with the applicable standard network specifications within five (5) business days after notification to the Customer by the Company that the facility or circuit is available; or (ii) the Customer places live traffic over the facility or circuit after notification by the Company that facility or circuit is available.

Billing shall commence once a facility or circuit is considered "available and accepted" as described above, regardless of whether or not the Customer utilizes all or any part of such facility or circuit.

For Fractional DS-1 and DS-1 BellSouth® Long Distance Private Line service the Circuit Minimum Service Term is six (6) continuous months. For DS-3 Long Distance Private Line service, the Circuit Minimum Service Term is twelve (12) continuous months. For OC-n Long Distance Private Line service the Circuit Minimum Service Term is determined on an Individual Case Basis (ICB).

The company will bill and collect from the Customer all waived nonrecurring charges associated with a Private Line service promotion on a Private Line circuit or facility that has not met the Circuit Minimum Service Term upon termination of the Customer's agreement or upon disconnect of such Private Line circuit or facility.

- \* This service has been grandfathered effective April 27, 2007. No new customers will be provisioned under this service after this date.
