Superseding Revision:**SECTION 7 - PRIVATE LINE SERVICE***

Effective April 27, 2007, BellSouth® Long Distance Private Line Service will no longer be available to new Customers. Existing Customers may maintain their existing Service arrangement until their BellSouth® Business Class Family of Services agreement or Customized Pricing Arrangement (collectively the "Agreement") expires. After April 27, 2007, moves (but not adds) or administrative changes will be permitted on the Service according to the Customer's existing Agreement, provided the change is not treated as a disconnect of existing service and a new order for service. Rates, terms, conditions and charges under existing Agreements will remain the same throughout the current term of the Customer's Agreement. At the end of the Customer's existing Agreement, the Customer may continue to maintain its existing Service on a monthly basis subject to the terms and conditions of this tariff or migrate to a comparable Service offered by another long distance affiliate of the Company. No moves (reconfiguration) to the existing Service arrangement will be permitted after the current Agreement expires. Renewals of expired Agreements will not be permitted. If Service is migrated to a Service offered by another long distance affiliate of the Company prior to expiration of the Customer's existing Agreement, Termination Liability Charges may apply as per Sections 7.4, 9.2.1 and 12.7 of this tariff unless otherwise specified.

7.1 Service Description

BellSouth® Long Distance Private Line service provides Customers with dedicated circuits connecting distant locations on the Company's network. Service is offered on a non-switched, dedicated basis. A given circuit is provided to a single Customer for the Customer's exclusive use twenty-four hours per day, seven days per week. Private Line service is offered between the Company Points of Presence (POPs) subject to the availability of services and facilities and available network capacity.

Local access channels and related facilities that may be required in conjunction with Private Line service are not included herein. Service descriptions, rates and charges for local access channels and related facilities offered by the Company may be found in Section 8 of this tariff. As an alternative to local channels provided by the Company, the Customer may provide its own local channels or obtain such channels from an alternative access vendor (i.e. "Customer Provided Access"). Such interconnection of Company provided services with Customer Provided Access facilities is described in Section 8.1 of this tariff.

- * This service has been grandfathered effective April 27, 2007. No new customers will be provisioned under this service after this date.
