T

Effective June 30, 2011 the dedicated service offering associated with AT&T Long Distance Toll FreeSM Service will be discontinued pursuant to Title 47, Section 63.19 of the code of Federal Regulations. If your current dedicated term agreement has not expired, you will need to replace the dedicated Service on or before the expiration date of your current term agreement. If you are currently on a month-to-month arrangement, you will need to replace the dedicated Service on or before June 30, 2011.

3.6.1 General

- (A) This service is a reverse billed Service that allows the Customer to pay for incoming calls. It permits calls to be completed to the Customer's location without charge to the calling party. Customers may subscribe to TFS with or without the ability to receive intrastate IntraLATA Service from the Company.
- (B) TFS includes: (1) a TFS Number that can be selected by the Customer or randomly generated by the SMS/800 database; (2) an Area of Service selected by the Customer; and (3) various optional features.
- (C) If the Customer does not advise the Company of its choice of a specific Resp Org, the Company will determine which Resp Org will be used.

3.6.2 Availability

- (A) Area of Service
Area of Service allows a TFS Customer to block or allow calls to a given TFS Number based on the originating area of the caller. Area of Service blocking is dependent on valid ANI being delivered in the network. Calls placed from outside the Customer's Area of Service will receive an announcement informing the caller that calls cannot be completed from the caller's location. The call will then be terminated. The Customer's minimum area of service must include at least one interstate area.
- (B) Originating and Terminating Access
Toll Free calls may originate on any type of access but are terminated via DVA or Switched Access lines to the Customer's location.
- (C) Termination of TFS
TFS may terminate in the State where Dedicated Access or Switched Access are available.

3.6.3 Optional Features

Optional features are available. A description and the associated rates may be found in the Company's interstate Voice Product Reference and Pricing Guide which may be found at <http://www.att.com/servicepublications>
