SECTION II - SERVICE DESCRIPTIONS *continued*

2.5 SERVICE OPTIONS *continued*

2.5.48 Frontier UnlimitedNY *continued*

B. Usage Charges *continued*

The Frontier UnlimitedNY service is offered to the residential user, for the Customer's personal, residential, non-business and non-professional use. Using the Frontier UnlimitedNY service is prohibited for any commercial or governmental activities, for profit or non-profit, including but not limited to home office, business, sales, tele-commuting, telemarketing, continuous autodialing, fax broadcast, fax blasting, accessing the Internet with a long distance dial-up number, resale or transfer of the Frontier UnlimitedNY service or any other activity that would be inconsistent with normal residential voice applications and usage patterns. If it is determined that the usage on the Frontier UnlimitedNY service is not consistent with residential voice applications or is otherwise prohibited as specified in this tariff (such as long distance dial-up Internet calls), Frontier may either immediately convert the service to an FCA plan that charges for all long distance calls or, where systems permit, charge a 10-cent per minute rate for non-voice long distance calls. Additional restrictions may apply as provided elsewhere in this tariff.

(C)

The Monthly Recurring Charge (MRC) for Frontier UnlimitedNY is billed in advance and can be found in the rate section of this tariff. If a new customer to Frontier UnlimitedNY enrolls mid-billing cycle, the MRC will be prorated.

On the invoice there will be no individual call detail for usage that is associated with the unlimited direct dialed calls that are included in this plan. If the customer changes their long distance pre-subscription on their main line without any instruction as to what to do regarding the additional phone lines, the Frontier UnlimitedNY plan option will automatically be removed from the main line and thus the customers account. Note: To maintain the account for the customer, the remaining lines will be placed onto Frontier One or Simple Rate calling plan depending on the associated LEC.

Additional phone lines are available on this plan. Each additional line will be billed a per-minute domestic rate defined in this tariff. All calls are billed in one-minute increments with a minimum billing of one minute per call. If a customer subsequently does not pre-subscribe their additional line(s) to FCA but continues to have service on the main billing number on the account provided by FCA, casual calling rates on the additional line(s) will apply.

Calling Cards and 8xx inbound products may be used in conjunction with Frontier UnlimitedNY, where available.
