TELECOMMUNICATIONS RELAY SERVICE

1. GENERAL (Continued)

Cost and Charges: There is no cost to the user of the NYRS for the service itself, separate and apart from normal toll or message unit charges, which are the responsibility of the user. Costs for the TRS service are paid for by the Local and Long Distance Carriers in NYS. Calls made via the NYRS are charged to the TRS caller at the same rates encountered as if the call were direct dialed from the caller's home or business phone, without the use of Relay Services. Applicable message unit or toll charges normally encountered on a direct dialed call will be billed to a caller placing the call via Relay. Calls through the NYRS may be billed to a third number only within NYS. Any call can be billed to any carriers calling card, pre paid Card or major credit card if the card issuing company has made arrangements with the NYRS.

A caller to the Relay will have the option to specify the carrier of choice for any toll or regional call made from the Relay Center to the called party. The TRSP may carry such calls or the caller may specify a different carrier, in which case the TRSP will deliver the call to the other carrier for termination as long as that carrier has complied with all requirements and established a network presence at the Access Tandem serving the TRSC.

1.1 Caption Service

New York Relay Captioned Telephone Service is an enhanced Voice Carry Over (VCO) service that provides both audio and text captioning of the second party's telephone conversation. Captioned Telephone Service is intended for users who are Deaf or Hard of Hearing and able to communicate verbally. It requires a special Captioned Phone to utilize the service. The requirements for Captioned Telephone Service will meet all existing FCC requirements for this service. However, many existing Tariff requirements for other traditional Relay services are not applicable to Captioned Telephone Service and have been waived by the FCC.
