

Critical Facilities Administration (continued)

- B. All Subscribing Circuits must be enrolled in the federal Telecommunications Service Priority Program and Customers must demonstrate the sponsorship of a federal agency supporting the designation of those circuits as qualifying under the federal Telecommunications Service Priority Program. A subscribing Circuit no longer enrolled in the Telecommunications Service Priority Program will no longer be eligible for CFA Service.
- C. Customer shall be required to sign a non-disclosure agreement in a form acceptable to the Company before obtaining access to any CFA Service Information.

9.4 Availability

- A. The Company shall store CFA Service Information in hard copy. Customer subscribing to the CFA Service will be permitted to obtain CSA Service Information upon request on a twenty-four (24) hour, seven (7) day a week basis, where practicable, subject to appropriate authentication and authorization.
- B. Physical path information ("CFA Service Information") will be provided to Customers subscribing to the CFA Service by reference to the latitude and longitude coordinates (determined using Global Positioning System equipment) of suitable points along the path of the Subscribing Circuit (e.g., cable entrances to buildings, manholes, riser poles, crossboxes, carrier equipment cabinets, and other circuit access points in the outside plant of the carrier) so as to allow the Customer to ascertain with a reasonable degree of accuracy the actual physical path of each Subscribing Circuit.
