7. INTEGRATED SERVICES (Grandfathered)<sup>A</sup> (N)

7.1 Access Advantage Plus<sup>1</sup>

Access Advantage Plus is a dedicated circuit between the Company's network and the Customers Premises. Access Advantage Plus will provide the Customer with a DS1, DS3 or OC3 transport capability from the central office to the CPE.

The circuit provided by Access Advantage Plus service will be used by the Customer as the "host" facility for other connected services offered by either the Company or other service providers. The Customer must maintain a minimum of five (5) Company lines, trunks or Primary Rate Interface B channels (only on DS3 or OC3) that utilize a host Access Advantage Plus facility.

A: Existing customers of record as of July 7, 2006 and customers who have signed a contract or letter of intent on or before that date, will be provided service under the terms and conditions in effect on that date. These terms and conditions will apply until such time as the service is disconnected. Subsequent additions, or changes to existing service may be made at the terms and conditions in effect on July 7, 2006 (subject to availability of equipment and facilities) and at the rates in effect at the time the order is placed. No orders for service from new customers will be accepted after July 7, 2006.

Effective July 7, 2006, extensions or renewals of contracts or term plan agreements will not be available. For those contracts or term plan agreements that expire on or after July 7, 2006, at contract expiration the terms and conditions of the tariff then in effect will apply (both to existing services and to subsequent additions and changes), with rates subject to change.
