Revision 0
Superseding Revision:

I. Territory to Which Schedule Applies:

Village of Hammondsport and the Town of Urbana, Steuben County, State of New York.

II. Rules and Regulations:

A. Definitions applicable to this Schedule:

1. Mains:

A pipeline located on a public or private right-of-way, which is generally available or used to transport gas to more than one service line.

2. Service Line:

The piping, including associated metering and pressure reducing appurtenances, that transports gas below grade from a main to the first accessible fitting inside the wall of a customer's building when a meter is located within the building; if a meter is located outside the building, the service line will be deemed to terminate at the outside of the building foundation wall.

3. Cost or expense:

Includes all labor, material and other charges applicable thereto.

4. Residential Applicant:

Pursuant to the Home Energy Fair Practices Act (HEFPA), a Residential Applicant shall include any person who requests gas, electric or steam service at a premises to be used as his or her residence or the residence of a third party on whose behalf the person is requesting service where:

- (a) the utilities effective tariff specifies a residential rate for such service; provided, however, that no person who requests service to an entire multiple dwelling or for the common areas of a multiple dwelling as defined in the Multiple Dwelling Law or the Multiple Residence Law, shall be considered a residential applicant solely because the utilities tariff specifies a residential rate;
- (b) such service will primarily be used for the resident's residential purposes and the applicant has so notified the utility; or
