- G. Miscellaneous Curtailments
  - (a) The Company will provide periodic updates to Energy Services Companies (ESCO) and curtailed customers as to the status of the curtailment event and the prospects for full service.
  - (b) Failure of the Company to meet one or more of its obligations in a curtailment event is not a basis for ESCOs or Direct Customers not to comply with requirements of the curtailment, but may provide the basis for a complaint to the Commission regarding the Company's behavior.
  - (c) If, during a curtailment period, the Company is aware of ESCOs or Direct Customers that are not responding to the required actions, it will make all reasonable efforts to inform the non-responding ESCOs and Direct Customers that required actions are not being taken. Lack of such notice shall not relieve any ESCO or Direct Customer of its obligations.
  - (d) The Company will recover curtailment-related compensation costs from customers via the GAC or equivalent mechanism, subject to Commission review.
