SUPERS EDING REVISION: 2

STAMPS: Issued in compliance with order in Case 06-G-1185 dated December 21, 2007

SERVICE CLASSIFICATION No. 5A - Continued

Character of Service

For service to a delivery point within the Company's service territory, the Company will provide gas to the customer that contains not less than 975 Btu, on a dry basis, per cubic foot at a pressure of not less than four inches of water column gauge, as measured at the customer's end of the service line. For service to a delivery point outside the Company's service territory under Rate Schedule 2, the Company will provide gas of a quality and at a pressure and heat value content conforming to either the Company's specifications or the specifications of the Company's pipeline transporter.

Service under Rate Schedule 1 is interruptible. Service under Rate Schedule 2 may either be firm or interruptible. Interruptible service will be interrupted at the option of the Company after not less than two hours' notice (by telephone or otherwise) to the customer. Upon receipt of such notice, the customer shall curtail or discontinue use of gas as instructed by the Company (see Special Provisions). Specific conditions of interruption, if any, will be set forth in the customer's service agreement.

Rate Schedule 1:

No later than three days prior to the end of each month, the Company will file with the Public Service Commission a rate to become effective on the first day of the following month, for customers taking standard offer price service under this service classification. The Company will, at its sole discretion, set the rate per therm at a level which is no less than the Company's Incremental Cost of Gas as filed with the Public Service Commission.

Issued by: John J. Bishar, Jr., Executive Vice President, General Counsel, and Secretary, Brooklyn, NY
