SERVICE CLASSIFICATION NO. 1 - Continued
GENERAL SERVICE

Special Provisions

- A. This Service Classification shall be applicable only where the entire steam requirements for the connected load are supplied by the Company's steam system. Service will not be available under this Service Classification to Customers who utilize both steam supplied by the Company's steam system for any purpose and another energy source for the same purpose.
- B. A Customer may request a temporary discontinuance of service by notifying the Company in writing at least five days in advance of the date on which each temporary discontinuance is to begin specifying the date on which service is to be discontinued and the date on which service is to be resumed. The Company may elect not to physically disconnect service at the service valve. In the event that a Customer takes service during a temporary discontinuance period the Customer will be billed in accordance with this Service Classification.
- C. The foregoing rates and charges shall apply to all steam service supplied hereunder on and after the effective date hereof. Where a bill includes periods before the effective date and after the effective date, the rates and charges applicable will be prorated based on the number of days of service rendered before the effective date and on and after the effective date related to the total number of days in the billing period.
- D. The following Riders may be applied to this Service Classification: A, B, C and D.
- E. For form of application under this Service Classification, see General Information Section 10.
