SERVICE CLASSIFICATION NO. 4 - Continued
BACK-UP/SUPPLEMENTARY SERVICE

Common Provisions Applicable to Rate I, Rate II, Rate III, and Rate IV – Continued

Determination of Demand – Continued

The Company will install a demand measuring device of a type approved by the Public Service Commission for the determination of maximum demand. The maximum demand, when determined by a demand meter, shall be the highest 30-minute integrated demand occurring during the billing period in which such use is made. The integrated demand is the average of the pounds of steam use occurring in a 30-minute period, which average, if used continuously for 30 minutes, would produce the pounds of steam actually consumed during such period.

Terms of Payment

Net cash on presentation of bill, subject to late payment charge in accordance with provisions of General Rule 3.4.10.

Term

The term of the agreement for service shall be for a period ending no less than one year from the beginning of service under this Service Classification, and shall continue after the end of such period until terminated by the Customer upon thirty days' prior written notice, or by the Company in accordance with law or the provisions of this Rate Schedule.

Temporary Discontinuance of Service

A Customer who requests a temporary discontinuance of service will be required to pay the monthly contract demand charge and the monthly customer charge for each month that service is discontinued. A Customer whose service is discontinued for non-payment and who applies for service within twelve months at the same location will be regarded as having taken a temporary discontinuance of service and will be required to pay the monthly contract demand charge and the monthly customer charge for each month that service was discontinued and for which the Customer Charge would have been applicable.
