

PSC No: 19 - Electricity
Rochester Gas and Electric Corporation
Initial Effective Date: February 5, 2009

Leaf No. 163.2
Revision: 2
Superseding Revision: 1

SERVICE CLASSIFICATION NO. 1

RESIDENTIAL SERVICE

SPECIAL PROVISIONS (Cont'd)

3. Wind Electric Generating System Option

This option is for a customer qualifying for the Wind Electric Generating System Option pursuant to General Information Section 12 of this Schedule and taking service under SC No. 1. As provided for in General Information Section 12, the customer may choose a single meter, or if dual metering is chosen, the Corporation will net 100% of the measured electricity produced by the customer's Wind Facility as measured on the non-demand, non-time differentiated Credit Meter with that consumed by the customer as registered on the Billing Meter.

4. Electric Hybrid Generating System Option

This Option is for a customer qualifying for the Electric Hybrid Generating System Option pursuant to General Information Section 13 of this Schedule and taking service under SC No. 1. As provided for in General Information Section 12 of this Schedule, the customer may choose a single meter, or if dual metering is chosen, the Corporation will net 100% of the measured electricity produced by the customer's Hybrid Facility as measured on the non-demand, non-time differentiated Credit Meter with that consumed by the customer as registered on the Billing Meter.

5. Solar Residential Electric Service Option

This Option is for a customer qualifying for the Solar Residential Generating System Option pursuant to General Information Section 14 of this Schedule and taking service under SC No. 1.

6. Farm Waste Electric Generating System Option

This Option is for a customer qualifying for the Farm Waste Electric Generating System Option pursuant to General Information Section 16 of this Schedule and taking service under SC No. 1.
