

P.S.C. No. 1 – Water
United Water Westchester Inc.
Initial Effective Date: January 11, 2009

Leaf No. 8
Revision: 0
Superseding Revision: 0

- (24) A “seasonal, short—term or temporary customer” is a customer who applies for and/or receives utility service periodically each year, intermittently during the year, or for a period of time up to one year.
- (25) “Tampered equipment” is any service—related equipment that has been subjected to unauthorized interference that has changed or inhibited the accurate measurement of water consumption or that has been connected without authorization after the Company has physically disconnected service.
- (26) A “two—family dwelling” is a building designed to be occupied exclusively by two families living independently of each other, where water service is not billed separately for each unit.
- (27) A “utility” is any waterworks corporation, as defined in section 2 of the Public Service Law, having annual gross revenues in excess of two hundred fifty thousand dollars.
- (28) “Utility deficiency” is:
 - i. any action or inaction by the Company or one of its authorized agents that does not substantially conform to the rules and regulations of Title 16, NYCRR, the Company’s tariff; or
 - ii. the failure of metering equipment to accurately record service, unless a customer’s culpable conduct caused or contributed to such failure.
- (29) A “street service connection” is a pipe with appurtenances used to conduct water from the main to the property line of the premise.
- (30) A “main” is a pipe line owned by the Company used for supplying water to more than on premise.
- (31) The term “public street” shall mean the territorial limits of any street, avenue, road or way that is for any highway purpose under the jurisdiction of the legislative body of any city, town, village, county or the State of New York.
- (32) The term “private street” shall mean the limits of any street, avenue, road or way that is not for any highway purpose under the jurisdiction of the legislative body of any city, town, village, county or the State of New York.
- (33) Extension – the extension of water main including the pipe, elbows, tees, valves, reducers, service taps, and other appurtenances which may be part of the facilities extended to provide water service.
